

EXPRESS

THE EXPRESS IS THE BEST LITTLE "BUS" IN THE BUSINESS

The Express ambulance model can be summarized by its reliability. The 144" module offers big advantages, including reduced downtime and fewer maintenance costs. It has earned a solid reputation among owners and fleet service personnel alike as an easy to maintain ambulance that offers the packs the best of Braun into a smaller footprint. Available as a Type I or Type III ambulance, there are three chassis options to choose from. It is an ideal option for your next new ambulance purchase.

THE EXPRESS IS A RELIABLE TYPE I OR TYPE III AMBULANCE THAT DELIVERS

Since its introduction, the Express ambulance model has become a favorite among private and municipal fleet managers. In first response, it's imperative to be prepared for the call. Having reliable emergency

vehicles ready to respond is critical. The Express is a preferred choice. It wins high praise from the people that work on them, and the people that work in them!

The Express includes Braun's exclusive SolidBody™ Construction, EZ Glide™ Sliding Door, MasterTech™ Multiplex Electrical System, Eberhard Free Floating Latches and VitalMax™ Lighting System. A wider aisle offers more working space. External backboard storage and increased interior cabinets offer more than enough space for equipment and supplies. The model is available in a Type I or Type III ambulance configuration. With three chassis options to choose from, it's also available in two-wheel or four-wheel drive.
