

CUSTOMIZATION SIMPLIFIED

SELECT BY BRAUN

Select by Braun (Chief XL - Type I) is currently the only pre-configured model available for order at this time.

What is the *Select by Braun* program?

Select by Braun is a special-order program upholding Braun Ambulance superior quality and craftsmanship, while combining **simplified customization** and **pre-selectable options**, to serve customers who desire top-of-the-line features with limited customization.

Select By Braun customers benefit from a shorter delivery lead time and greater cost efficiency.

How does *Select by Braun* benefit you?

- **Save time upfront and on delivery:** This streamlined approach simplifies the selection process and empowers customers to swiftly obtain high-quality ambulances that meets their unique needs.
- **Customize with confidence:** Customers can confidently customize an ambulance without feeling overwhelmed by utilizing *Select by Braun* and its pre-configured options.
- **Ease of ordering:** *Select by Braun* ensures the journey to acquiring custom ambulances is smooth and reassuring, through ease and efficiency.

Given the popularity of the *Select by Braun* program, all customer orders are based on first come, first serve. This program intentionally limits production availability to ensure our industry-leading delivery time (12-18 months) on custom ambulances.
